

Window Kit With Gravity Grille

Window Kit With Gravity Grille

Allows the fitment of our fans to the windows

- A high quality window kit matched to our fans for easy, efficient installation.
- High-quality window kit matched to our fans
- Suitable for single, double or triple glazing
- Excellent weatherproofing characteristics
- 5-Year parts-only warranty

A window kit which must always be used when installing ARIA dMEV or TRATTO extract fans in glazing to provide a suitably weatherproof installation. Using this window kit when required will ensure safe operation of the fan, protect the fan components, extend the lifetime of the unit and help maintain the warranty.
